

REMARKS

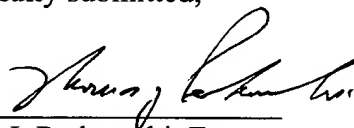

The proposed Amendments to the Specification have been provided to ensure correspondence between the Specification and Formal Drawings filed under a separate cover.

The proposed Amendments to the Claims correct errors of a clerical nature, avoid any basis for rejection under 35 U.S.C. 112, and do not introduce any new subject matter nor affect the scope of the claims.

Applicant would like it noted that there is a misspelling in the Title to Invention listed in the Part B – Issue Fee Transmittal. The correct Title to Invention should read “Internet-Based System For Storing, Managing And Serving Consumer Product-Related Information Over The Internet Using Trademarks And Universal Resource Locators (URLs) Symbolically-Linked By Manufacturers Of Consumer Products And/Or Their Agents.”

The Commissioner is hereby authorized to charge any fee deficiencies or credit any overpayments to Deposit Account 16-1340.

Respectfully submitted,

Dated: December 16, 2005
